Upload Image To IBM Container

Team ID	PNT2022TMID22527
Project Name	Personal Expense Tracker Application
Team Members	DEEPA V RESHMA K ANUGRAHA C VARSHINI V

CREATING REPOSITORY IN IBM CLOUD:

Create repository

1. Tag an image to point to this registry. Choose a local image, target namespace, and target repository.

```
docker tag <local_image> icr.io/<my_namespace>/<my_repo>
```

2. Push the tagged image.

```
docker push icr.io/<my_namespace>/<my_repo>
```
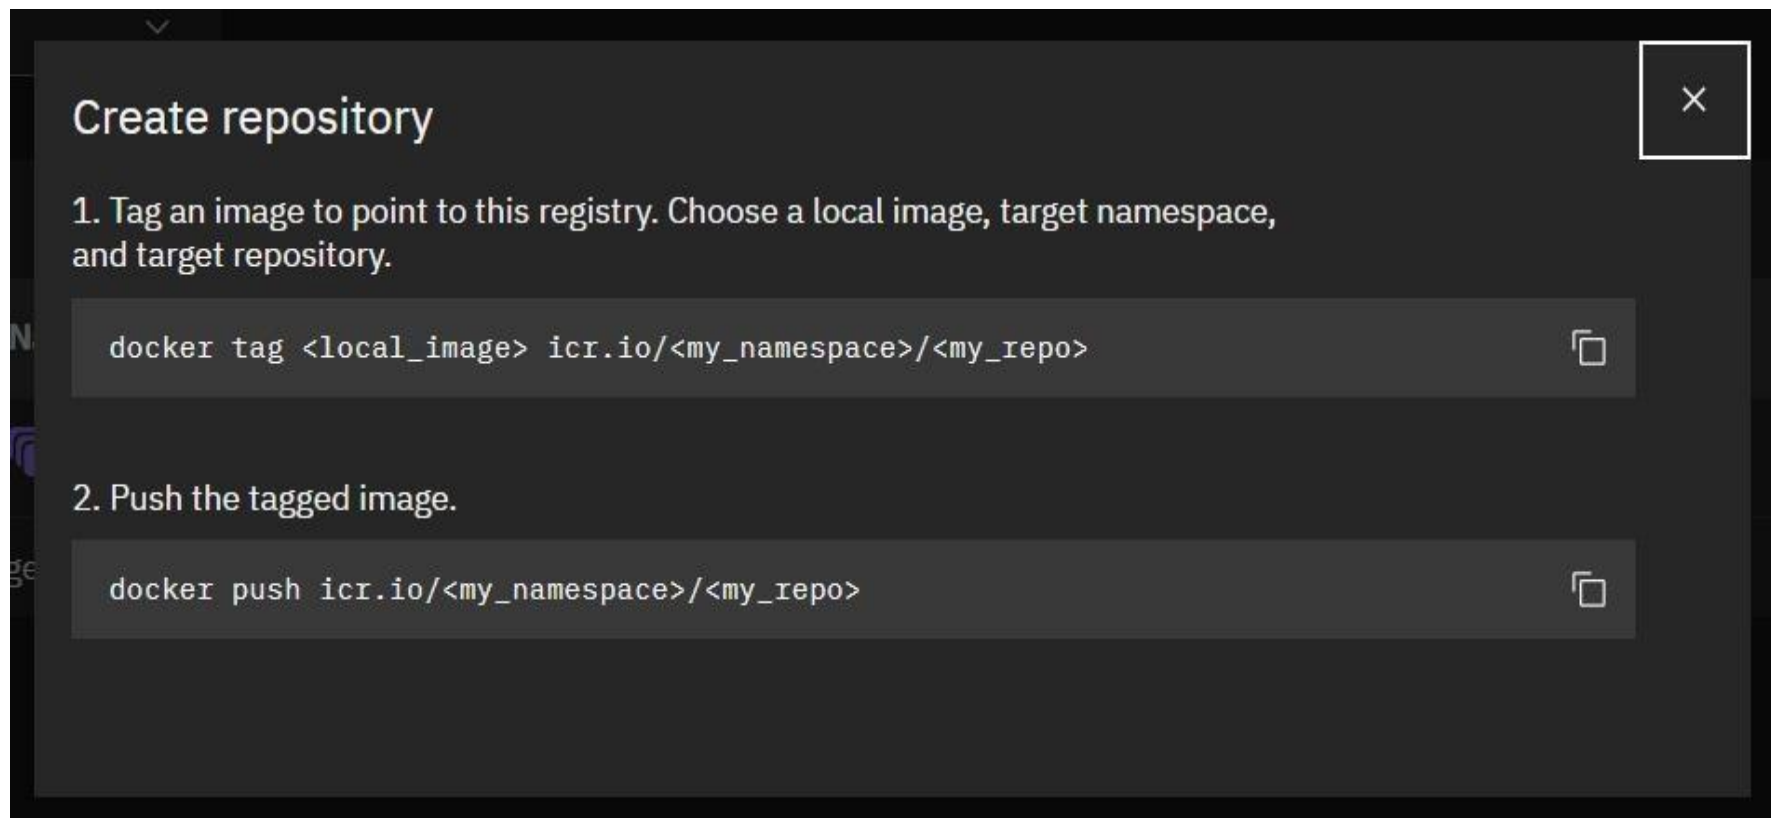

UPLOAD IMAGE TO IBM CONTAINER REGISTRY:
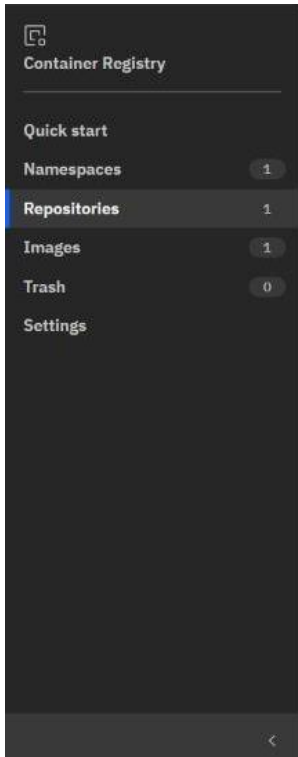

Container Registry

- Quick start
- Namespaces — 1
- **Repositories** — 1
